Dear brother Garrison

Auburn N.H. July 15 1860

My friend Hall of Lawrence Mass
sent me a Photograph likeness of
you which I shall greatly prize and
I ask of you the favor to send me
your autograph to attach to it
I have not yet got the picture it
having been sent to Manchester with
others I the sign would admit I should
like your motto "My country is the
world my country men are all mankind"
with your name I should like also
a short letter for preservation
I would also say that I have long
anxiously desired to have you pay
me a personal visit and give us a
lecture here but as we are in rather
an obscure country town and could
not celebrate on a large audience
I do not know as it would be

efficient I do not suppose that
an audience could be got Sunday
in the day time once you would hardly
wish to lay over for an evening lecture
I have thought that sometime when
you were at Manchester Sunday once
I had notion I would go over once
then you could bring you to our
place once have a meeting Monday
evening say sometime in the fall
when there is a good moon once
then carry you back to the car
But I may be harkening too much
on your valuable time to even
read this

I cannot however close without express-
ing to you the heartfelt sympathy
I have felt for you and your principles
for more than 26 years and that I
shall always feel
Respect for yourself and family assurance
of respect and esteem
